## BANANA OIL AND \*TEFLON

**PENETRATES AND FREES FROZEN OR RUSTED METAL PARTS WHILE LEAVING A LUBRICATING MICRO FILM**

\*Teflon is a Registered Trademark of the Dupont Corporation.

**SUNRISE** introduces its newest technology in lubricants. **HURRICANE** is made with a blend of TEFLON and “Banana Oil”. These two components together make **HURRICANE** the most effective lubricant and penetrating compound on the market today. The unique ingredients in **HURRICANE** enable it to protect metal parts, and free locked nuts and bolts more rapidly. TEFLON is extremely resistant to heat, while maintaining high lubricity. “Banana Oil” is the ultimate natural lubricant for use on chains, gears, hinges, locks, and other mechanical parts. Use **HURRICANE** to lightly coat tools, firearms, locks, and all weather sensitive metals.

### APPLICATIONS:

Penetrating frozen and rusted metal parts. Provides superior lubrication and protection.

### DIRECTIONS:

Hold container 5 to 10 inches from surface to be treated and spray liberally. Allow working time prior to loosening with tools. **HURRICANE'S** versatile actuation and valve system allows the product to be sprayed in any position from upright to inverted. Re-apply as needed.

### CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

### FORMULATION:

Light oils, wetting agents, distilled petroleum products, oxygenated waxes, \*Teflon.

### TARGET ACCOUNTS:

Machine Shops, City Shops, Industrial Plants, Farms, Schools, Electronic Maintenance Departments.

### SPECIAL CAUTIONS:

None
