**HONEYMIST AIR FRESHNER** is the all-purpose deodorant for hotels, hospitals, sewage plants, fire departments, incinerators, trucks, dairies, institutions, schools and motels. **FIRE DEPARTMENTS AND INSURANCE COMPANIES** have found **HONEYMIST** to be effective in eliminating odors caused by smoke and fires. **DUMPS AND GARBAGE TRUCKS:** Use **HONEYMIST** undiluted to neutralize foul odors. Spray dump areas, receptacles, cans and conveyors as required to control odors.

**DIRECTIONS**

**HONEYMIST** may be used in concentrated form or diluted as high as 9 to 1 with water. The severity of the odor problem will dictate the dilution percentages. In general use, we have found that a dilution from 3 to 5 parts with water will control most situations. However, you may find that this ratio should be adjusted one way or the other.

**GENERAL GUIDELINES**

Foul odors: Dilute 1:1 or use straight

General deodorizing: Dilute between 3 and 5 parts of water to 1 part of product

Daily maintenance: Dilute between 6 and 9 parts of water to 1 part of product

Mist product into the air with a spray bottle, atomizer or other spray apparatus. Use wide sweeping motions to distribute evenly throughout area. Carpets, draperies and fabrics may be treated with this product. However, always check color fastness in an inconspicuous spot, prior to application.

**GENERAL DEODORIZING:** Spray this fragrant solution into the atmosphere to remove obnoxious odors such as smoke, cooking odors, refuse odors and body odors. Use **HONEYMIST** frequently to keep your premises clean smelling. **KITCHEN:** Spray garbage receptacles periodically with **HONEYMIST** to eliminate foul odors. Cupboards, closets, refrigerators and storage lockers can be given periodic spraying to keep them sweet odored. After spraying with **HONEYMIST**, surfaces which come into contact with food should be thoroughly rinsed with potable water.

**BATHROOMS:** After routine cleaning of fixtures spray **HONEYMIST** on toilet bowl, seat, lavatory, tub or shower stall.
