

VENOM
WATER-BASED
SUPER SOAP DETERGENT

**WATER-BASED
CLEANERS**

VENOM is the ultimate in heavy-duty water soluble degreasers. **VENOM** is designed to be used on hard surfaces such as metal, brick and concrete. **VENOM** will dissolve away the heaviest dirt and grease. **VENOM** provides controlled amounts of foam that rinses quickly and completely. **VENOM** works well on engine blocks, concrete floors, and any hard surface and will remove petroleum substances quickly.

FEATURES & BENEFITS:

- Highly alkaline-** Superb grease cutting abilities.
- Dilutable-** Economically conducive.
- Ultra potent-** One of the most powerful cleaners on the market.

APPLICATIONS:

VENOM is recommended for all hard surfaces, such as metal, plastics or concrete. **CAUTION:** **VENOM** is capable of removing paint, so test area to be treated before application in an inconspicuous place.

DIRECTIONS:

Dilute 1 part of **VENOM** to 30 parts of water for light duty cleaning. For those hard jobs dilute 1 part to 10 parts of water. Different soil conditions may require heavier concentrations.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Sodium and potassium hydroxide builders, penetrating, coupling, and surface active agents.

TARGET ACCOUNTS:

Heavy equipment, general maintenance, auto dealerships, packing sheds etc...

SPECIAL CAUTIONS:

Capable of removing paint. Not for use on aluminum and other non-ferrous metals. May cause etching on these metals. Test inconspicuous place before using. Use caution appropriate to strong caustic liquid. Protective equipment recommended.
