

RUSTY

ACID-BASED
CLEANERS

- * **FAST ACTING**
- * **EASY TO USE**
- * **ECONOMICAL**

SUNRISE RUSTY is designated to remove rust from all metal surfaces with ease. Apply full strength or reduce with water according to the rust build-up or your required speed of operation.

FEATURES & BENEFITS:

- Rodine solution-** Inhibits scale build-up.
- Foaming additives-** Clings to vertical surfaces.
- Acid blend-** Wider function range.

APPLICATIONS:

This product is designed to break the bond between rust and the surface area, causing the deposits to loosen and fall free.

DIRECTIONS:

Spray Method: Spray large items such as: LP Gas tanks, Fertilizer Equipment, Antique Autos, Trucks etc. This product will remove rust without removing painted surface. When you've removed the rust, rinse well with water, then paint. **RUSTY** also removes rust from cement. **Dip Method:** Dip rusty metal items such as: nuts, bolts, chain drives, pipes or other small objects until rust is removed, usually a few hours. Rinse well with water, then coat with **SUNRISE ALL FREE**. **Additional Uses:** Excellent releasing agent for removal of dried on farm chemicals such as: sulphur, lime and sulphur, snow and many other farm chemicals. When reduced with water it can be used to shine soft metals like brass and aluminum. **RUSTY** can also be used to remove cement from mixers and equipment.

FORMULATION:

Perfumes, wetting agents, corrosion inhibitors, foaming agents, and inhibited acids.

TARGET ACCOUNTS:

Farming, ranches, golf courses, highway depts.

SPECIAL CAUTIONS:

Use caution appropriate to strong acid.

PACKAGING AVAILABILITY

Bulk liquid:
5g and 55g drums
