ASPHALT CLEANER & SLAT LINE LUBRICANT

CITRA SLIDE

CITRA-SLIDE is a revolutionary new bed, form and equipment treatment. Using Soy oil and citrus extract as the main active ingredient, the user can be assured of environmental compliance in all applications. This product is designed for the easy removal of asphalt and concrete forms as well as the complete evacuation of asphalt from hot or cold mix truck beds. In addition, CITRA-SLIDE is an excellent pre-treatment for all paving equipment. The application of CITRA-SLIDE to pavers, rakes, shovels etc., prior to using, enables quick and effortless cleanup of that equipment.

GELLED TAR AND ASPHALT REMOVER

E2 is at the forefront of tar and asphalt cleaning technology. This product is designed for use on any hard vertical surface. The unique characteristics of E2 allows the product to do the work for you. The gelling action of the product enables E2 to stay on a vertical surface longer for deeper cleaning ability. E2 works well on painted surfaces as well as wood and plastics. E2 also removes glues, tapes, resins, tar, asphalt, stubborn heel marks and a variety of other difficult to clean areas.

EXECUTE

GELLED MULTI-PURPOSE CITRUS CLEANER FOR TAR AND RESIN

EXECUTE is the all natural formulation for attacking the heaviest forms dirt, grime, oil and resin build up. This citrus-base compound contains additional surfactants which allow it to work longer and be easily rinsed with water. Use EXECUTE to remove glues, tapes, resins, stubborn heel marks and a variety of other difficult-to-clean problems. EXECUTE works extremely well for the removal of tar, marking tapes, decals, masking tape and associated adhesives.

PRISM

WATER-SOLUBLE MULTI-PURPOSE SOLVENT CITRUS DEGREASER

This product does not contain harsh chemical solvents, petroleum distillates, acetone, glycol ethers, methylene chloride, alcohols, or other synthetic solvents not approved for discharge. Based on citrus distillate and biodegradable detergent-suspending system, it offers the maximum protection for environmentally sensitive applications.

ASPHALT RELEASE

SOY-BASED RELEASE AGENT AND CLEANER FOR USE ON SLATS

ASPHALT RELEASE is a revolutionary Slat Cleaner and Lubricant. Using Soy oil as the main active ingredient, the user can be assured of environmental compliance in all applications. This product is designed for the easy removal of asphalt from slats. In addition, ASPHALT RELEASE is an excellent Lubricating agent for all paving equipment. The application of ASPHALT RELEASE to slats, pavers, rakes, shovels etc., prior to using, enables quick and effortless cleanup of that equipment.

ROLLER RELEASE

ROLLER AND TIRE RELEASE AGENT

ROLLER RELEASE is a neutral pH, odorless liquid specially formulated for use in the paving industry on roller machines to prevent tar and asphalt build-up from rollers, tires and all other problematic equipment.
