

LASER GREEN

NEW CONCEPT MULTI-PURPOSE DEGREASER

WATER-BASED
CLEANERS

SUNRISE ENVIRONMENTAL SCIENTIFIC has produced a truly remarkable cleaning compound in this formulation. This product is very highly concentrated allowing maximum dilution ratios for utmost economy. Even though **LASER GREEN** is highly concentrated, it does not produce annoying fumes or odors. The buffers in this compound make it safe to use on painted surfaces yet is strong enough to degrease even the most stubborn problems. **LASER GREEN** is the ideal grease remover for hard surfaces such as, concrete floors, asphalt, metal kitchen vent filters, screens, processing plants and related equipment. Experience the advantages of **LASER GREEN**.

FEATURES & BENEFITS:

Very high dilution rates- Economical to use.

Water soluble- Rinses easily and quickly.

Multi-purpose- May be used in many different applications.

APPLICATIONS:

This formulation will solve a multitude of problems related to clean-up of grease, grime and sludge build-up. Dramatic results! May be used on steel, rubber, walls and floors.

DIRECTIONS:

For light grease and soil use 1 part **LASER GREEN** to 50 parts water. For use as a parts soak to remove heavy grease and soil use 1 part **LASER GREEN** to 10 parts water. For light grease and soil use 1 part **LASER GREEN** to 20 parts water. For general degreasing of hard surfaces use 1 part **LASER GREEN** to 30 parts water. For use in spray bottles or Hudson Sprayer to remove heavy grease and soil use 1 part **LASER GREEN** to 15 parts water.
