

ASPHALT RELEASE AGENT & SLAT CLEANER

CITRA-SLIDE is a revolutionary new bed, form and equipment treatment. Using Soy oil as the main active ingredient, the user can be assured of environmental compliance in all applications. This product is designed for the easy removal of asphalt and concrete forms as well as the complete evacuation of asphalt from hot or cold mix truck beds. In addition, **CITRA-SLIDE** is an excellent pre-treatment for all paving equipment. The application of **CITRA-SLIDE** to pavers, rakes, shovels etc., prior to using, enables quick and effortless cleanup of that equipment.

FEATURES & BENEFITS:

Environmentally Sound - Safe to use.

Versatile - May be used on all parts of paving equipment.

APPLICATIONS:

Asphalt release agent and slat cleaner.

DIRECTIONS:

SUNRISE recommends the use of rubber gloves, boots, aprons and face shields when using this or any similar product. Using any type of spraying equipment, apply a light film of CITRASLIDE to all contact surfaces of the target item. Depending on the condition of the target surface, the user may be able to get several uses between treatments time.
