All of SUNRISE'S handy "rags in a bucket" are designed to offer the ultimate in convenience, portability and ease of application.

DIRECTIONS

1. Using rubber or latex gloves, access your REMEDEZE wipes through the opening located on top of the pail.
2. Flip-open the lid to allow easy removal of wipes.
3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe. Clean desired surface. A potable water rinse is required when the product is used in a food processing facility.
