

SUNRISE' ULTIMATE is a highly concentrated liquid designed for use in modern steam cleaning and extractor type carpet cleaning equipment. **ULTIMATE** is biodegradable and because it is a liquid, it offers several advantages over powder type cleaners: Instantly mixes and dissolves in water. Never settles out or clogs lines or valves. Incorporates grease cutting solvents. Easier to handle, mix, measure and store. **ULTIMATE** includes optical brighteners, water conditioners and a true odor counteractant which helps to remove odors and leaves a refreshingly clean fragrance.

FEATURES & BENEFITS:

Non-foaming- Easier on extraction equipment.
Highly dilutable- More economical to use.
Pleasant scent- Leaves fresh residual environment.

APPLICATIONS:

A California VOC compatible non-streaking glass cleaner.

DIRECTIONS:

This product is formulated for use in modern steam cleaning and extractor type carpet cleaning equipment.
